

COVRGARD® AQUA

MARINE PROTECTION FILM

Whether you're cruising the coastline, moored in the marina, or embarking on long offshore journeys, your vessel is constantly exposed to harsh marine conditions. CovrGard AQUA has been engineered specifically for the marine environment, combining advanced Marine Protection Film (MPF) and Solar Control Window Film to protect your investment, enhance comfort, and keep your boat looking its best for years to come.

THE ULTIMATE INVISIBLE ARMOUR FOR YOUR BOAT

Marine environments are unforgiving. Saltwater, UV exposure, dock rash, ropes, fenders and everyday wear can quickly take their toll on gel coat and painted surfaces.

CovrGard AQUA Marine Protection Film creates a virtually invisible barrier that helps preserve your boat's finish while reducing maintenance and protecting long-term value.

BENEFITS

- Protects against dock rash, scratches and minor abrasions
- UV resistant to help prevent fading and discolouration
- Saltwater, chemical and corrosion resistant
- Self-healing technology repairs light surface scratches
- Super-hydrophobic finish repels water and contaminants
- Easy to clean and maintain
- Full manufacturer-backed warranty

KEEP YOUR INVESTMENT LOOKING NEW WHETHER FITTED TO:

- Hull sides
- Bow sections
- Engine covers
- High-contact areas
- Hand rails and varnished wooden surfaces
- Interior surfaces

CovrGard AQUA helps maintain a pristine finish while reducing the need for polishing and ongoing maintenance.

**Spend less time maintaining - spend more
time enjoying**

MARINE PROTECTION FILM
ADVANCED PROTECTION FOR EVERY VOYAGE

COVRGARD SOLAR CONTROL WINDOW FILM

Long days on the water often mean intense sunlight, excessive cabin temperatures and constant UV exposure.

CovrGard Solar Control Window Film helps create a cooler, safer and more comfortable onboard environment.

BENEFITS

- Blocks over 99% of harmful UV rays
- Significantly reduces infrared heat build-up
- Helps reduce cabin glare
- Keeps occupants cooler and more comfortable
- Reduces demand on air conditioning systems
- Can contribute to lower fuel or battery consumption
- Durable, scratch-resistant construction
- Crystal-clear optical clarity

ENGINEERED FOR MARINE LIFE

Whether you're entertaining guests, enjoying family days out or undertaking long-distance cruising, CovrGard helps create a more enjoyable onboard experience by reducing heat, glare and UV exposure while protecting your vessel inside and out.

WHY CHOOSE COVRGARD?

Proudly headquartered in the UK with a growing global network.

COVRGARD COMBINES:

- Premium engineered protection
- Proven performance
- Industry-leading expertise
- Manufacturer-backed warranties
- Trusted products

**Protect your investment.
Enhance every journey.**
